

## **Weak People – Mighty God**

### **Part 1: Moses**

Have someone read **Acts 7:20-29**.

1. Some of life's most successful people are—  
underneath it all—some of the most wounded people.
2. Why do you think that some of the most wounded people can end up becoming some of the most successful people?

Each person think for a minute about your “palace upbringing”. Go round the group and share one thing in your background that has contributed to making you unique. Can you think of one thing you are thankful for which you can see could be part of God's preparation of you in which you fit into his plan.

3. In Acts 7:23-25 we see that Moses attempted to reconcile with his own people, the Israelites. It backfired horribly, and we read in Acts 7:29 that Moses fled to Midian after this further rejection.
4. When we are feeling hurt, rejected, unloved, and unappreciated, how do we tend to react? How do we treat others when we are feeling the hurt from these wounds?
5. Have you experienced eventual good that followed a painful experience in your own life? (2. Corinthians 7 v 9).
6. How can we help others going through the same pain that we have been through? (2 Corinthians 1 v 4)

7. Make a list of the qualifications of the man or woman, that God has called. (1 Corinthians 1 v 26-31)
8. Why does he choose such people?
9. If we choose not to go to a desert place to be apart with God, He will lead us or drive us there? Do you agree? Discuss the reasons people will not spend time with God to grow and mature in their faith.
10. Look at the following verses about the desert habits of the Lord. Matthew 26 v 36. Matthew 4 v1, Matthew 14 v 23, Luke 6 v 12

## **Wrap Up**

Have each person share their prayer requests.  
This week spend time daily praying for your group.

If anyone has a specific hurt or wound that they are currently facing or hurting from and feels comfortable sharing about it, pray for that. Pray that God would give each of us opportunities, strength, and courage to help those around us that are hurting from similar pains and wounds that we have been through.
